

## Swan (Radcot) Cruiser Club

The club produces an abbreviated membership list for members to print and keep on their boats.

It is accessed via the members area of the web site.

This list contains your name, boat name, place of mooring and mobile number.

This is particularly useful if you need to be contacted on the river.

If you do **NOT** wish your mobile number to be included in this list please tick the appropriate box provided on the application form.
