

For Sale

Silver Isis – A 30ft traditional Thames Gentlemen’s Launch, said to be built around 1919.

Carvel construction mainly of Mahogany.

Hull appears sound and the BMC diesel engine when fitted was new and runs extremely well. She is currently out of the water at Grafton Lock so available for external inspection. Internal inspection needs to be arranged by appointment as we do not live locally. She is due to go back into the river on the 17th April, along with all the other boats in winter storage and will return to her summer mooring near the Trout pub, Lechlade.

Sensible offers in the region of £9950 invited.
